## Payments

Parents are billed for the full year in August and can choose to pay as follows:

- **Full year in advance** – Payable by 13th September 2024.
- **Termly** – Paid on or before the first day of each School Term. Fees are spread across the three terms with the same amount charged for each term. Termly fees are therefore not a reflection of the precise number of tuition days per term, as these will vary from term to term.
- **Direct debit** – Processed on the 2nd of each month starting in October 2024

Parents should be advised that if payment is not received when due, an administration charge of €100 per month may be charged. The School reserves the right to exclude a pupil whose fees have not been paid.

## Methods of Payment

- **Cheque**  
The child's name should be written on the back of the cheque.
- **Credit or Debit Card**  
Credit or Debit Card payments can be made via phone call to the Accounts Office. We accept Irish debit/credit cards only. There is an additional 3% charge for credit card payments.
- **Direct Debit**  
For parents who opt to pay by direct debit a monthly payment will be averaged over 9 months and processed on the 2nd of each month commencing in October 2024. A schedule of the dates and amount of each direct debit will be issued to parents before the first direct debit is processed. A final balancing direct debit will be processed in July 2025 which will be used to pay any extras that were not included at the start for the school year. The date and amount of the final direct debit will be advised to parents in advance of processing.  
  
An administration fee of €30 will be charged in response of each unpaid direct debit. After 3 unpaid direct debits the direct debit payment option will be withdrawn.
- **Bank Transfer**  
It is important to ensure that parents include the family surname and/or account number when paying by bank transfer so that the payment can be allocated accurately.

## Term in Lieu Policy

To ensure a smooth transition and effective planning, it is necessary for us to receive a written notice of one full term in advance for the removal of a pupil. This allows us to adequately accommodate changes in our educational resources and make the necessary arrangements for the departing pupil. In the event that we do not receive the required notice, our [terms and conditions](#) state that the corresponding term fees will still be required. This policy ensures fairness to all parties involved and helps us maintain the high quality of education and services we provide.
